## Child Locator

Over 3 millions children are reported lost, missing or abducted in the world each year; American surveys indicate that a child goes missing every 40 seconds.

**The Child Locator** is designed to keep an eye on your child wherever you where. The Child Locator is a reminder device; just remind the parent that the child is straying away.

It is always monitoring your child. The alarm unit applied to child will emit loud alarm to warn you and to identify the location of your child when your child is straying away or you leave your child behind. It is an automatic, ACTIVE security system. The Child Locator will reduce the risk of losing your child and let you enjoy your shopping.

### FEATURES:

#### Small size control unit

The control unit is slim and small, easy for attach with your key chain.

#### Long effective distance

The effective distance is about 100 feet that allow you to take care of your child in the park or field.

#### Panic / Locate Button

The control unit has a Panic button. When press the Panic button once, the alarm will go off once, if you press twice, the alarm will go off twice; it is very nice for identifying the location of your child. When in emergency, you can press and hold the Panic button, the alarm will go off without stop to attract attentions. The maximum Panic distance is about 150 feet.

#### Range Controller

The alarm unit has a Range controller with 1-9 codes for user to set its own vigilance zone. Code 1 is minimum, code 9 is maximum range up to 150 feet.

#### Concave Power Switch of Alarm Unit

To avoid the thief or others to turn off the alarm unit easily, the power switch of the alarm unit is concave.

#### Auto ON and Auto Sleep

To keep power consumption low, this device is designed with auto power on and auto sleep features.

**Key Specifications/Special Features:**

- Small-sized control unit
- Long effective distance
- Panic/locate button
- Range controller from 3 to 45 meters
- Concave power switch of alarm unit
- Patented auto on and auto sleep

**Prevents children from straying**

**SPECIFICATIONS:**
